Can a [model] play karaoke from another language other than English?

Our units will handle all languages if the format is a proper karaoke format yet we are aware that there are DVD and VCD Karaoke formats as well. DVD and VCD get a little complicated depending on which exact way it was built.

- **CDG,SCDG:** Any language.
- **DVD,VCD:** Depends.
 - If lyrics are strictly video: All languages.
 - If lyrics are subtitles: Only certain languages are supported...
 - Languages in subtitles limited to:
 - English
 - Spanish
 - French
 - Chinese
 - Japanese
 - German
 - Italian
