

# Super CD+G

## Is CD+G the same as Super CD-G?

No, the difference is as follows.

### CD+G

1. Capacity of 10-30 songs
2. Made on a regular CD disc
3. Recorded in BIN file format

### Super CD+G

1. Capacity of 1,500+ songs
2. Made on a dual layer DVD
3. Recorded in .dat file format
4. Also play in any WINDOWS based PC
5. Built-in search function for songs
6. For INX2 version, has motion picture background video
