

# Super CD+G

## How do I play Super CD+G discs on my PC? What software do I need?

When a Super CD+G disc is inserted into a DVD disc drive of a PC, it will automatically start PlaySCDG program that will play the disc in PC. The PlaySCDG program, if not found inside the disc, can be downloaded from <http://cavsusa.com/scdg/PlaySCDG.zip>

For the instruction on how to operate the PlaySCDG program, please go to [http://cavsusa.com/scdg\\_pc.htm#Download\\_S](http://cavsusa.com/scdg_pc.htm#Download_S)
