

# Super CD+G

**I have several supr cdg discs that I would like to have on one usb storage device or a hard drive. is it possible to transfer all the songs to one drive so I do not need to change discs?**

Yes you can. Customers with CAVS DVD players (105G USB, 203G USB)CAVS Karaoke station (IPS-11G)CAVS Laptop players (PR101, PO101, EC101, CO101)CAVS Touch Screen players (TB101)CAVS PC Software (PlayCDG Kj Deluxe 64 LT) can store the Super CD+G discs into an external hard drive and play from only the external hard drive any and all songs of Super CDG. For the instruction on how to extract Super CDG discs into an external hard drive, please refer to the following post.<http://cavsusa.com/kb/index.php?action=artikel&cat=35&id=188&artlang=en>
