

# Super CD+G

## How to find the song list of a Super CD+G disc

Inside every Super CD+G disc, there is a song list LIST.TXT stored in a text file format (.txt).

- Insert the Super CD+G disc into a DVD disc drive in your PC.
- Open the disc drive in Windows Explorer (or My Computer).
- You will find a folder DiskCdg inside. Open the folder to find LIST.TXT file inside.
- Copy the LIST.TXT file onto your hard drive or flash drive for printing.

For the instruction on how to print the LIST.TXT file, go to "How to print the song list files such as Juke.txt?"
