

PlayCDG PE

What disc drives will work with my pc player software?

Only plextors of certain models can be "guaranteed" by us to work with our software at this moment. Here is the list of tested drives:

- PlexWriter 52/24/52A
- PlexWriter 48/24/48A
- Plector PX 708
- Plector PX 712 (excluding SA)
- Plector PX 716 (excluding SA)
- Plector PX 760 (excluding SA)
